

New York Partners for Technology Innovation (NYPTI) is collaborating with Curriculum Pathways for professional development on free, high-quality educational resources. These 12-hour, online courses give teachers the opportunity to explore, evaluate, and implement Curriculum Pathways resources into their grade-level and subject area instruction. A state-approved CTLE certificate will be awarded upon successful completion of the course, and district PD hours may be granted with prior district approval. There is a \$10.00 registration fee for these professional development courses. Register at <https://www.mylearningplan.com/webreg/catalog.asp?H=1&D=18802>

12-hour, online classes start October 21, 2018:

Choose one course according to your grade level/ subject area.
